## Patient Financial Assistance

### APPLICABILITY:

This policy applies to the following entities (collectively referred to as "UNC Health" in this policy) (**Bold indicates an owned entity**):

✓ Appalachian Regional Healthcare System	Onslow Memorial Hospital / Onslow Ambulatory Services
✓ Blue Ridge HealthCare System	✓ <b>Rex Healthcare / Rex Hospital</b>
✓ <b>Caldwell Memorial Hospital</b>	✓ Southeastern Regional Medical Center
✓ <b>Chatham Hospital</b>	✓ <b>UNC Health Care System / UNC Medical Center*</b>
✓ Johnston Health	✓ <b>UNC Physicians Network</b>
✓ Lenoir Memorial Hospital	✓ <b>UNC Physicians Network Group Practices / UNC Physicians Group Practices II</b>
✓ Margaret R. Pardee Memorial Hospital	✓ <b>UNC Rockingham Health Care / UNC Rockingham Hospital</b>
✓ Nash Healthcare System/Nash Hospitals	✓ Wayne Memorial Hospital
✓ <b>North Chapel Hill Surgery Center</b>	

**\*UNC Medical Center includes all UNC Hospitals' facilities (including Hillsborough campus) and the clinical patient care programs of the School of Medicine of UNC-Chapel Hill (including UNC Faculty Physicians).**

# I. Description

Policy for providing financial assistance to patients for services at UNC Health locations indicated in the Applicability section. In accordance with federal regulations, this policy includes (Appendix D) a list generally identifying which providers at UNC Health will and will not honor this Financial Assistance Policy (FAP).

# II. Rationale

As part of its mission, UNC Health provides care for residents of North Carolina who are uninsured or underinsured and do not have the ability to pay for medically necessary health care services. The purpose of this policy is to use financial assistance resources available to UNC Health to maximize the availability of health care services to the people of North Carolina in a consistent, equitable and effective manner.

This policy does not affect or limit UNC Health's dedication and obligation under EMTALA to treat patients with emergency medical conditions regardless of a patient's ability to pay for services.

# III. Policy

UNC Health shall have an organized patient financial assistance program designed to help provide necessary health care for North Carolina residents to the extent that resources are available. For this purpose, a Financial Assistance Oversight Committee (FAOC) will oversee all aspects of the patient financial assistance program, including pharmacy financial assistance and transplant financial assistance.

A summary of the policy's baseline criteria, benefits and annual costs will be posted in service areas and on internet sites to include methods and contacts for application. The policy in its entirety may be obtained by contacting the Public Records Officer.

Patient Financial Assistance consists of the following components:

- A. Discounts for Uninsured Services
- B. Financial Assistance
- C. Limitation on Charges and Amounts Generally Billed
- D. Catastrophic Financial Assistance
- E. Dental Services
- F. Psychiatry Psychotherapy Resident Clinic
- G. Actions That May Be Taken In the Event of Nonpayment

## A. Discounts for Uninsured Services

Persons will be eligible for a 40% uninsured discount when they have no health insurance coverage, no coverage from any other third party (such as third-party auto liability coverage), or obtain services not

covered by their health insurance and meet **all** of the following criteria:

1. Medically necessary services,
2. Billed to and processed by patient's insurance,
3. Not considered an excluded service for Category 3 and 4 services in the Financial Assistance Exceptions Table (Appendix A),
4. Service is generally covered by medical insurance, AND
5. Service is denied by patient's medical insurance as patient responsibility equal to 100% of gross charges.

This coverage is intended to apply in very narrow circumstances and is not intended to broaden the services that are eligible for the 40% uninsured discount. The uninsured discount will be given regardless of income or North Carolina residency. Patients are not required to complete an application to receive the uninsured discount.

UNC Health does not participate with OOS Medicaid insurance plans, except **traditional** Medicaid of South Carolina and Medicaid of Virginia. Patients with OOS Medicaid insurance requesting services, that do not implicate EMTALA, will be considered uninsured and eligible for the 40% uninsured discount. See policy [Out-of-State \(OOS\) Medicaid Patient Payment Policy](#).

The FAOC will review the discount amount on an interim basis to insure charge amount parity among all patients – those with insurance, those without insurance and those receiving financial assistance.

Uninsured patients who ultimately become eligible for Financial Assistance and have previously received an uninsured discount adjustment will receive a Financial Assistance adjustment totaling the patient balance at the time of the Financial Assistance approval. The uninsured discount will not be reversed. As a result, the sum of the uninsured discount adjustment(s) and Financial Assistance adjustment(s) posted to the same account equals the total Financial Assistance adjustment for financial reporting purposes.

## B. Financial Assistance

Financial Assistance is a benefit where 100% of the current patient's balance owed after copayment (Appendix B) will be written off except for limitations in the Financial Assistance Exceptions Table (Appendix A) and those balances covered by external funding sources. Financial Assistance is available for North Carolina residents who meet family income and residency criteria as defined in the Requirement Definitions for Financial Assistance (Appendix C). Any resident of North Carolina may apply for financial assistance and all applications will be considered.

1. Availability
  - a. A summary of this policy will be offered to all admitted patients, inpatient and outpatient. An application will be made available to anyone who requests it or is identified with a need AND meets eligibility screening criteria:
    - i. The patient is a NC resident.
    - ii. The patient's household income is at or below 250% of the Federal Poverty

## Guidelines.

- b. Patients may submit an application for Financial Assistance prior to their first visit to UNC Health.
- c. UNC Health will post notices as required by law regarding the availability of financial assistance. Patients requiring financial assistance or thought to require such assistance may be referred to a Financial Navigator or Financial Assistance Specialist.
- d. UNC Health will affirmatively provide notices and brochures with contact information and how to obtain an application to community physicians and health centers. Community health centers that perform equivalent evaluations of applicants for financial assistance may be considered as a qualified extraordinary circumstance; whereby, an expedited application and application process is possible. See Section B3 Extraordinary Circumstances/Other Applicant Categories below.
- e. The provisions of this policy notwithstanding, UNC Physicians Network Group Practices, LLC, UNC Physicians Group Practices II, LLC, and Rex Rehabilitation and Nursing Care Centers of Raleigh and Apex, and UNC Rockingham Rehabilitation & Nursing Care Center may decline to accept a new patient with no funding source, including a new Financial Assistance patient.
- f. UNC Health shall not refer a patient's unpaid bill to an outside collection agency during the pendency of a patient's application for financial assistance, not to exceed a period of 120 days. Patients will continue to receive informational statements during this time period. If the 120 days is reached prior to the final determination of the application or the application is denied, the statement cycle will resume after decrementing one cycle (30 days).
- g. If a patient is deemed eligible for Financial Assistance, eligibility is valid at the affiliates of UNC Health covered by this policy. See Appendix D for exceptions.
- h. Patients may only receive Financial Assistance after all other financial resources available to the patient have been exhausted AND the patient is without sufficient income to cover out-of-pocket expenses as defined by UNC Health. Other financial resources include, but are not limited to, private health insurance, CHIP, agency funding, Medicare and/or Medicaid.
- i. If the Financial Assistance application is approved, Financial Assistance will apply to balances after all third-party coverage has been collected. Whenever agency funding is available, whether or not the patient has been approved for Financial Assistance, agency funding must be secured prior to the service being scheduled and covered by Financial Assistance. If the service is scheduled prior to the completion of the agency funding process, the service must be flagged for exclusion from Financial Assistance.
- j. As of April 1, 2024, a determination of eligibility for Financial Assistance will be effective for 12 months prospectively from the date of approval and retroactively for all eligible patient balances incurred prior to the approved Financial Assistance application.
- k. Financial Assistance covers only services deemed "medically necessary" by

Medicare, Medicaid, or industry standards. All medically necessary services will be considered Category 1 unless approved as Category 2, 3 or 4 in the Financial Assistance Exceptions Table (Appendix A).

- I. For services in Categories 2, 3, and 4 in the Financial Assistance Exceptions Table (Appendix A), medical necessity will be determined by the treating physician. In instances where medical necessity is unclear, the Financial Assistance Oversight Committee and/or the Executive Administrative Exceptions Committee will make a final determination.
- m. Patients actively eligible for Medicaid shall qualify for retroactive financial assistance adjustments of eligible patient balances incurred prior to the Medicaid eligibility except for services rendered in the Rex Rehabilitation and Nursing Care Centers or UNC Rockingham Rehabilitation & Nursing Care Center. Confirmation of patient's eligibility for Medicaid via an electronic Medicaid verification system is used in lieu of the Financial Assistance application.
- n. Medicare patients who are eligible for the Medicaid programs MQB-B and MQB-E qualify for a Financial Assistance adjustment of the balance remaining after payment by Medicare and any other applicable third-party payer except for balances incurred in the Rex Rehabilitation and Nursing Care Centers and in the UNC Rockingham Rehabilitation and Nursing Care Center. Confirmation of the patient's eligibility for Medicaid MQB-B or MQB-E on the date of service via an electronic Medicaid eligibility verification system or the Medicaid remit is used in lieu of the Financial Assistance application.

## 2. Rights and Responsibilities

- a. UNC Health and its affiliated Network Entities comply with applicable Federal civil rights laws and do not discriminate, exclude people, or treat them differently on the basis of race, ethnicity, color, culture, religion, language, national origin, age, physical or mental disability, socioeconomic status, sex, sexual orientation and gender identity or expression. The full Notice of Nondiscrimination is found in Appendix E.
- b. UNC Health complies with the Emergency Medical Treatment and Labor Act (EMTALA) and emergency medical care provisions of Section 501(r) of the Internal Revenue Code. Accordingly, UNC Health provides, without discrimination, care for emergency medical conditions to individuals regardless of whether they are FAP-eligible. UNC Health does not engage in actions that discourage individuals from seeking emergency medical care, such as by demanding that emergency department patients pay before receiving treatment for emergency medical conditions or by permitting debt collection activities that interfere with the provision, without discrimination, of emergency medical care.
- c. If a patient does not have Medicaid or other private agency funding, but may qualify, the patient must provide evidence of a Medicaid (or other private agency) determination in the most recent 6 months from the date of the application to be considered for Financial Assistance. If the patient does not have a recent determination, or if it appears the patient has had a change in their financial situation since the most recent determination, that patient must submit and cooperate with a new funding application process and provide UNC Health with the resulting

determination to be considered for Financial Assistance. If a patient does not cooperate, or if their determination indicates they were denied for failure to cooperate, Financial Assistance will be denied or, if an active approval is on file, revoked, and the patient will be responsible for any outstanding balances.

- d. Only eligible patient balances will be considered for Financial Assistance write-off. Patient balance is the amount for which there is no third-party coverage or other funding available, or balances after insurance. Accounts in a Liability status are not eligible for Financial Assistance.
- e. If the patient's household income and assets minus a standard allowance for liabilities and expenses is less than or equal to 250% of the current Federal Poverty Guidelines for the patient's family size, the patient may be eligible for Financial Assistance.
- f. Once the determination has been made regarding Financial Assistance eligibility, the patient will be notified in writing.
- g. If a patient's income or family size changes, a new Financial Assistance application may be submitted with supporting documentation for re-evaluation of Financial Assistance status.
- h. Refunds will be issued where required by Federal guidelines.
- i. The patient has the right to appeal a denied application for Financial Assistance. The appeal will be reviewed by the Financial Assistance Administrative Group. The patient will be notified in writing of the appeal outcome.
- j. Patients with primary insurance coverage who are approved for Financial Assistance shall not be eligible for the Financial Assistance benefit unless the patient has complied with the terms and requirements of their primary insurance.
  - a. UNC Health will not provide Financial Assistance adjustments for services when an insured patient who chooses to use a UNC Health facility or provider on an OON (non-contracted) basis for non-emergent services. See policy [Out-of-Network \(OON\) Patient Payment Policy](#)
  - b. Patients approved for Financial Assistance who receive emergency and post stabilization care on an OON (non-contracted) basis will be eligible for the Financial Assistance benefit until the patient consents and can be safely moved to an in-network facility.

### 3. Extraordinary Circumstances/Other Applicant Categories

Qualification under extraordinary circumstances not outlined below requires approval by the Financial Assistance Oversight Committee. Eligibility for financial assistance for the categories below is dependent on first exhausting eligibility for any third-party coverage, including, when applicable, applying for Medicaid or other agency funding.

- a. Homeless Persons – A homeless person is an individual who has no home or place of residence and depends on charity or public assistance. Such individuals will be eligible, even if they are unable to provide all of the documentation required for the Financial Assistance application. The Financial Assistance application needs to indicate in the address field that the patient is homeless, and the application must

be signed by the patient.

- b. TROSA Patients – A TROSA patient is an individual who resides at the TROSA facility and depends on that facility for all of his or her care and does not receive monies when outside of the facility. Written proof from TROSA that the patient is a resident, including date of entry, along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application. TROSA patients are exempt from Financial Assistance copays.
- c. Deceased Patients - The charges incurred by a patient who has died may still be considered eligible for Financial Assistance. For the Financial Assistance application, the deceased patient will count as a family member, but the deceased patient's income will be zero. Accounts in an Estate status are not eligible for Financial Assistance.
- d. Inmates – Charges incurred by a patient who has subsequently become incarcerated may still be considered eligible for Financial Assistance. His/her income will be deemed as zero for the purposes of the Financial Assistance application from the date of entry into the correctional facility until the date of release from the correctional facility. Written proof from the correctional facility that the patient is an inmate, including date of entry and proposed date of release, shall suffice as the Financial Assistance application. Note: All charges incurred during the incarceration are the responsibility of the correctional facility.
- e. Transplant Services – are addressed in a separate Solid Organ Transplant Financial Policy.
- f. Pharmacy Services – are addressed in a separate Pharmacy Assistance Policy.
- g. International Patients – are not eligible for Traditional Financial Assistance, and are addressed in a separate [International Patient Policy](#). An international patient is defined as one who is a citizen of a foreign country and has entered the United States by virtue of a Visa of any type, effective or expired.
- h. Eating Disorders – North Carolina residents of Orange, Person, and Chatham counties may apply for traditional Financial Assistance for eating disorder treatments. Otherwise, eating disorders treatments are addressed in a separate Eating Disorders Treatment Program Policy.
- i. Project Access – Project Access, which resides in multiple counties throughout North Carolina, is comprised of physician groups that provide free care to the uninsured in their respective counties. A valid Project Access approval letter or card along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application for the counties where UNC Health, or an affiliate of UNC Health that follows this policy, operates a hospital or clinic.
- j. UNC Rex and UNC Rockingham Rehabilitation and Nursing Care Centers - A patient who becomes unable to pay for his/her stay at UNC Rex and UNC Rockingham Rehabilitation and Nursing Care Centers during his/her stay must apply for Medicaid benefits and is not eligible for Financial Assistance under this policy. A patient who has an outstanding balance for a stay at UNC Rex or UNC Rockingham Rehabilitation and Nursing Care Centers and who is eligible for Financial Assistance under this

policy may, at or after discharge, have Financial Assistance adjustments applied to the unpaid balance. The discount described above in Section III.A does not apply to services delivered to a patient admitted to UNC Rex or UNC Rockingham Rehabilitation and Nursing Care Centers.

- k. Helping Hands Clinic – The Helping Hands Clinic in Lenoir is a clinic that provides care for a nominal copayment to the uninsured of Caldwell County. A valid Helping Hands approval letter or card along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application.
- l. NeighborHealth Center, Inc. - Non-profit, faith-based health center providing primary care and women's health to insured and uninsured residents of Wake County. Patients in need of specialty services are referred to community providers, including UNC Health Care. A valid approval letter or card along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application.
- m. Care Connect - Care Connect is a program that is intended to connect eligible uninsured residents of Rockingham County to appropriate care with participating providers for a nominal copayment. A valid Care Connect eligibility card along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application.
- n. Blue Ridge Health (BRH), including Pardee Blue MD - FQHC that offers health care services to the underinsured and uninsured populations of Buncombe, Transylvania, Henderson, Rutherford, Polk, and Haywood counties. A valid Blue Ridge Health approval letter/card or verification of Blue MD SFS approval in the EHR along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application.
- o. Effective April 2017, North Carolina Breast and Cervical Cancer Control Program – The North Carolina Breast and Cervical Cancer Control Program (NC BCCCP) provides free or low-cost breast and cervical cancer screenings and follow-up to women in North Carolina who are un- or underinsured without Medicare Part B or Medicaid and have a household income at or below 250% of the Federal Poverty Guideline. A valid BCCCP approval letter or card along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application.
- p. Prenatal Patients and Breast Imaging Patients - A valid letter or card from a Federally Qualified Health Center or Public Health Department along with the completed sections 1 and 2 of the signed and dated application shall suffice as a complete Financial Assistance application. Financial Assistance applications will be expedited.

#### 4. Notification

- a. Once approved or denied, a notification letter will be sent to the patient's address on file.
- b. If additional information is required, a denied request for additional information will be sent to the patient's address on file. If the application remains incomplete for

greater than 60 days from the date of the request for additional information letter, the patient will be required to submit a new application and supporting documents.

- c. Patients approved for Financial Assistance will be required to pay a copay for each encounter. See Appendix B.

#### 5. Changes to the Policy or Eligibility Criteria

Financial Assistance eligibility criteria will be reviewed periodically by the Financial Assistance Oversight Committee. Revisions may be made at any time to the criteria or the policy based on changes in UNC Health's financial ability to provide financial assistance or changes in state or federal regulations.

#### 6. Default Criteria Definition

In the absence of specific program description language defined in this policy, the current North Carolina Department of Health and Human Services, Division of Medical Assistance Medicaid Manual will be used as the default.

## C. Limitation on Charges and Amounts Generally Billed

Section 501(r)(5)(A) of the Internal Revenue Code requires a hospital organization to limit amounts charged for emergency or other medically necessary care provided to individuals eligible for assistance under the organization's FAP (FAP-eligible individuals) to not more than the amounts generally billed (AGB) to individuals who have insurance covering such care (AGB).

UNC Health limits the amounts billed to FAP-eligible individuals to not more than the amounts generally billed to individuals who have insurance coverage.

UNC Health limits the amounts billed to FAP-eligible individuals to not more than the amounts generally billed to individuals who have insurance coverage. UNC Health utilizes the "look-back method" described in Section 501(r)(5)(b)(3) in determining amounts generally billed to individuals who have insurance coverage.

Under the look-back method, a hospital facility must determine AGB for any emergency or other medically necessary care provided to a FAP-eligible individual by multiplying the gross charges for that care by one or more percentages of gross charges, called AGB percentages. The hospital facility must calculate its AGB percentage(s) no less frequently than annually by dividing the sum of certain claims paid to the hospital facility by the sum of the associated gross charges for those claims. More specifically, these AGB percentages must be based on all claims that have been paid in full to the hospital facility for emergency and other medically necessary care by either Medicare fee-for-service alone or by Medicare fee-for-service and all private health insurers together as the primary payer(s) of these claims during a prior 12-month period. For these purposes, a hospital facility may include in all claims that have been paid in full both the portions of the claims paid by Medicare or the private insurer and the associated portions of the claims paid by Medicare beneficiaries or insured individuals in the form of co-insurance, copayments, or deductibles. A hospital facility must begin applying its AGB percentage(s) by the 45th day after the end of the 12-month period the hospital facility used in calculating the AGB percentage(s).

UNC Health utilizes claims paid by Medicare Fee for Service (FFS) (i.e., Traditional Medicare) in determining the amounts generally billed. UNC Health will calculate this amount generally billed annually as of 12/31 for claims paid in full or placed to bad debt for dates of service incurred in the preceding fiscal year. Please review Appendix F for UNC Health' latest ABG calculations.

Patients approved for financial assistance will have their balances adjusted to \$0.00 balance and minimal co-pays applied ranging from \$10 to \$100. This percentage of gross charges is below the Amounts Generally Billed to our Medicare FFS patients as indicated in Appendix F.

## D. Catastrophic Financial Assistance

### 1. Policy

The purpose of the Catastrophic Financial Assistance policy is to use financial assistance resources available to UNC Health to provide health care services needed by people who may incur a catastrophic medical event regardless of their residency status and to do so as consistently, equitably, and effectively as possible.

- a. UNC Health shall have a Catastrophic Financial Assistance Program designed to help provide necessary health care to the extent that resources are available.
- b. The Financial Assistance Oversight Committee will oversee all aspects of the Catastrophic Financial Assistance Program.

### 2. Eligibility Criteria

Patients denied Financial Assistance based on income exceeding 250% of the Federal Poverty Guidelines or based on residency status will be considered for Catastrophic Financial Assistance.

- a. To be considered for Catastrophic Financial Assistance, existing patient balances after all other financial resources available to the patient have been exhausted, should produce a medical debt-to-income ratio of greater than 20%.
- b. If approved for catastrophic financial assistance, patient balances that exceed 20% of a patient's household income will be considered for catastrophic financial assistance. If a patient has no income the patient's medical debt will be reduced to eighty four percent (84%).

For example, if a household has an annual income of \$75,000, the combined medical debt, after all other means of payment, must be more than \$15,000. The medical debt at the time of approval that exceeds \$15,000 will be considered for catastrophic financial assistance.

- c. Catastrophic Financial Assistance may be awarded once every 12 months from the date of last Catastrophic Financial Assistance approval.
- d. Balances in bad debt or already with collection agencies and/or the Attorney General's Office will be considered. Prospective balances will not be considered.
- e. The calculation of medical debt will include balances that may have been decreased due to the Uninsured Discount.
- f. For Catastrophic Financial Assistance, all accounts for which the guarantor is

responsible will be considered in the calculation of medical debt. Services otherwise excluded from Financial Assistance may be included in the Catastrophic calculation.

- g. When Catastrophic Financial Assistance is approved, the approval date is recorded. If there are balances pending third-party payment, the adjustment of the balances will be postponed until all third-party coverage has paid. Any patient balances left that were from dates of service on or prior to the approval date will then be adjusted.
- h. For patients pending Medicaid, Catastrophic Financial Assistance determination will be postponed until after final Medicaid disposition to allow for full and accurate accumulation of charges.
- i. International Patients – are not eligible for Catastrophic Financial Assistance and are addressed in a separate [International Patient Policy](#). An international patient is defined as one who is a citizen of a foreign country and has entered the United States by virtue of a Visa of any type, effective or expired.

## E. Dental Services

### 1. Policy

- a. This section of the policy is for UNCH and UNCFP balances only. This section of the policy does not apply to any other UNC affiliate.
- b. In order to be eligible for Financial Assistance for dental services under section (c) below, the patient must be approved for UNC Health financial assistance.
- c. Dental services that are eligible for full Financial Assistance coverage are those that would be covered by Medicare. Financial Assistance coverage includes one or more of the following:
  - i. When the severity of the underlying illness requires hospitalization, or;
  - ii. A secondary service that is integral and necessary to treat a non-dental condition, such as tumor removal, and is provided at the same time as the primary service and by the same physician/dentist, or
  - iii. The extraction of teeth to prepare the jaw for radiation treatment of neoplastic disease
  - iv. An oral or dental examination performed as part of a comprehensive work-up prior to organ transplant surgery, heart valve replacement, VAD surgery, or any other surgery that requires dental clearance.
- d. Financial Assistance for dental services not addressed in section (c) above is addressed in a separate UNC Hospitals Dental Clinic policy.

## F. Psychiatry Psychotherapy Resident Clinic

The UNC Psychiatry Resident Psychotherapy clinics serve a training mission of providing psychiatry residents with the experience of learning to conduct long-term weekly psychotherapy. The patients' out-of-pocket expense for psychotherapy sessions reflects this training focus and is currently set at \$25 per session, regardless of whether the patient has insurance or receives Financial Assistance from UNC Health.

## G. Actions That May Be Taken in the Event of Nonpayment

Accounts that are not (1) paid in full, (2) placed on an approved payment plan, or (3) approved for Financial Assistance within 140 days of the initial patient statement will be placed to an external collection agency. Accounts placed to a collection agency that are not either paid in full or placed on an approved payment plan with the collection agency within 180 days of placement to the collection agency will be credit reported. The Patient Financial Services department has responsibility for determining that the aforementioned criteria are met and that a patient's account may be placed with an external collection agency and/or credit reported.

## H. Exclusions

Services appearing in Appendix A as exclusions are not eligible for Financial Assistance under this policy. Residential and related services at UNC Rex Rehabilitation and Nursing Care Centers of Raleigh and Apex or UNC Rockingham Rehabilitation & Nursing Care Center not covered by Medicare, Medicaid or third-party insurance by virtue of coverage limitation, benefit exhaustion and/or medical necessity are not eligible for consideration for the uninsured discount or Financial Assistance. Consideration may be granted for UNC Rex Rehabilitation and Nursing Care Centers of Raleigh and Apex and UNC Rockingham Rehabilitation & Nursing Care Center residents' out-of-pocket deductible, co-insurance and/or co-pay amounts up to an individually determined annual maximum which takes into consideration Medicaid spend-down requirements and resource limits.
